

## A CARING ENVIRONMENT

We offer fully trained staff who provide one to one care. Our team are trained to support and communicate with our young people and to give them the very best in holistic care.

Regular contact with families is encouraged through visits, letters, cards, e-mails, phone calls and webchats. Daneswood can offer accommodation on-site for those who want to spend quality time with their relative.

## GREAT FACILITIES AT DANESWOOD

A welcoming country house in the heart of the countryside, we have fabulous views over the Mendips to the sea at Weston Super Mare. We have beautiful grounds which are landscaped and terraced, including a patio and greenhouse.

We have a hydrotherapy pool with a ceiling hoist for those with mobility difficulties, a dedicated sensory room and a calming massage room. The house also boasts three cosy lounges, two friendly dining rooms and three sunny conservatories.

## MUSIC AND ART THERAPIES

Small group therapy sessions are important at Daneswood. Our young people love them and make a real connection with music and art. We have a fun selection of musical instruments - with a piano, drums and other percussion instruments which our young people can play.

Art therapy, with our own art teacher, offers sculpture, claywork, drawing, painting, papier mache and lots, lots more...

## NATURALLY HEALTHY OPTIONS

At Daneswood, we pride ourselves on a healthy organic wholefood diet. Much of it is grown and sourced from local farms. We accommodate specific dietary requirements. Our food is freshly cooked on site by our friendly catering team.

For natural healthiness, we can offer activities such as country and beach walks, swimming and relaxing massages from our specially trained staff.

# DANESWOOD IS A SPECIAL PLACE

Rights are respected, individual living skills are developed and individuals' quality of life is enhanced.

We create a stable environment and nurture each young person in physical, emotional, social and spiritual aspects. We encourage individuals' dignity and sense of responsibility and self worth.

We are here

DANESWOOD

"We are absolutely thrilled... You can see from her demeanour she settled. Her Keyworker is lovely..."  
L's Mother

"Carers are wonderful... they are like part of the family. C is doing really well."  
C's Mother

## Daneswood provides positive living options for young adults

- Off site activities such as horseriding and farm visits.
- Trips to theatres, cinemas and leisure centres
- Individual pursuits and hobbies
- Vocational and educational programmes as appropriate
- Vehicles with wheelchair access
- Each resident has their own room furnished to their tastes and needs
- Most rooms have en suite bathroom
- Support both within and away from the home
- Relationships with the wider community are encouraged e.g. church attendance
- Access to a range of therapeutic approaches, some of which are based on the anthroposophical work of Dr. Rudolf Steiner

DANESWOOD

A HOME FROM HOME  
AND A HOME FOR LIFE

Positive living options for young adults with severe or profound and multiple learning disabilities.
